You will receive an email, that the group has been successfully created and some further instructions on how to proceed.**

Congratulations [[firstName]] !

You have successfully created a group [[groupName]]. You now have **three options on how to proceed with group registration** - please read carefully:

1) OPTION 1: All registrations will be paid for together.

Before proceeding, please send us an email at kocevsko@trailrun.si with the total number of runners in your group and desired distances so we can provide you with a discount code.

If you will pay for all the registrations together, you as the group leader should then enter the registrations for all group members at once via the Group Leader Dashboard. You use the discount code in the shopping card in the "Enter discount code" field next to each registration.

You can access the dashboard on the button below:

GROUP DASHBOARD

2) OPTION 2: Each runner will pay for his registration fee individually.

If each group member wishes to pay their own registration fee, please send us an email at kocevsko@trailrun.si with the total number of runners in your group and desired distances so we can provide you with a discount code.

When you receive the discount code, please, share the registration link (you will see it in your Group Leader Dashboard) with your group members so that they can register. Forward them the discount code so they can use it before payment to get a discounted price.

INVITE YOUR FRIENDS

3) OPTION 3: The registrations will be paid for by the company.

IMPORTANT: If you want an invoice with your company details, please contact us via email prior to proceeding with the registration of participants kocevsko@trailrun.si.

If you have any questions please, contact us at kocevsko@trailrun.si before proceeding to clarify the following steps for your group :).

Za nadaljevanje prijave imate dve možnosti: skupinsko plačilo ali ločena plačila. / **For registrations you have two options: payment for all registrations together or separate payments.**

MOŽNOST 1: Plačilo vseh prijav skupaj.

Preden nadaljujete z vnosom podatkov v prijavnice, nam prosimo pošljite e-mail s številom tekačev in zelenimi razdaljami, da vam lahko pripravimo posebno kodo za skupinski popust.

Ko prejmete kodo, nato vi kot vodja skupine vnesete vse prijave eno za drugo (v potrditvenem e-mailu boste dobili dostop do skupinske zasebne cone, kjer lahko vnašate prijave – izberete Join group). Če želite poravnati prijavnine za vse člane skupine skupaj, morate vse prijave vnesti eno za drugo - kodo za popust uporabite v nakupovalni košarici v polju "Enter discount code", ki se bo pojavilo ob vsaki prijavi.

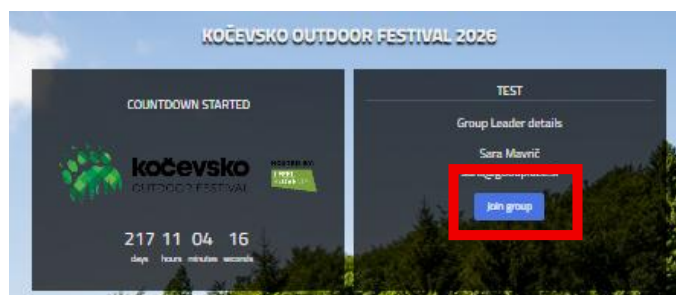

Podatke vnesete vi kot upravitelj skupine, vsak tekač pa nato dobi dostop do svoje prijave (vpišite pravilne e-mail naslove). Plačilo preko prijavnega sistema tudi opravite vi kot vodja skupine.
